Invitation to a professional meeting

“Geothermal Afternoon”

6 October 2026 / 11:30–16:00 / RINGEN Research Centre
Litoměřice

Dear colleagues and professional partners,

we are pleased to invite you to **Geothermal Afternoon, a professional meeting focused on current geothermal energy projects and topics**. The event will take place on **Tuesday, 6 October 2026, at the RINGEN Research Centre in Litoměřice** and is co-organised by the Czech Geothermal Association, EAGE Local Chapter Czech Republic and RINGEN.

The meeting will present current projects, technologies and developments in the European geothermal energy market and provide space for professional discussion, exchange of experience and new cooperation.

The programme will include an introduction to the SYNERGYS project, presentation of Qheat (FIN) novel technology and case studies, and a summary of the latest EGEC Geothermal Market Report.

The programme will also include a guided visit to the RINGEN Research Centre and SYNERGYS drillsite in small groups, and time for networking.

Kind regards on behalf of the organisers

Czech Geothermal Association, EAGE Local Chapter Czech Republic and RINGEN

Spolufinancováno Evropskou unií
